

“MAPPING” ENVIRONMENTAL ISSUES IN THE CITY: ARTS AND CARTOGRAPHIC CROSS PERSPECTIVES

Workshop – Concordia University – Montreal - Sept. 8 -10, 2010

Program

WEDNESDAY SEPT. 08th

Location: Hall building (Room H 1267)

Morning session – Contextualization (9:30 to 12:30)

9:30 to 11:00

- Welcome (S. Caquard)
- International Cartographic Association (ICA) & the arts (W. Cartwright)
- Mapping a database: Introduction (L. Vaughan)
- Representing Cartographic Uncertainty – Introducing the database (A. Baxter)

11:00 to 11:30 - Break

11:30 to 12:30

- Presentation of the different participants and projects (informal round table)

12:30 - Lunch

Afternoon session – Projects development (1:30 to 6:00)

During this session participants will work on their own project in order to get ready for their activities.

6:00 to 8:00 - Montreal Driftsong (Maryclare Foà)

Activity will start in Hall building (Room H 1267)

THURSDAY SEPT. 09th

Morning sessions – Cartographic & Geospatial perspectives (8:45 to 12:15)

These parallel sessions will allow participants to introduce their project/techniques/technologies in an informal way to a smaller group of people, and will provide enough time for discussion, interaction, comments, etc.

8:45 to 10:15 (Hall building - Room H 1269)

- Mapping Montreal health data in 3D (Sven Fuhrmann)
- Problematizing climate change through integral GIS (Virginia Antonijevic and Lynn Rosentrater)

10:45 to 12:15 (Hall building - Room H 1269)

- Geodemographic segmentation analysis (Tom Weatherburn)
- The City as MetroMap: Envisioning Montreal (William Cartwright)

Afternoon sessions – Cartographic & artistic perspectives (1:30 to 5:30)

Location: TBD based on each activity (Room H 1267 will be available)

1:30 to 3:00 (Hall building - Room H 1267)

- Audiovisual mapping of Montreal air quality data (Glenn Brauen)
- Mapping Montreal in films (Sébastien Caquard & Daniel Naud)

3:30 to 5:00

- Montreal gardens (Kathy Waghorn)
- Seeking the living database of the city (Laurene Vaughan)

5:30 to 7:00 (Room H 1267)

- Group activity : Collective mapping of the database (Laurene Vaughan)

8:00 – “Gala” Dinner (free)

Location: TBD

FRIDAY SEPT. 10th (Room H 1252)

Morning sessions – Field activities (8:45 to 12:45)

Location: TBD based on each activity

8:45 to 10:30

- Site specific drawings (Annalise Rees)
- Experiment Ontography (John Calvelli)

10:45 to 12:45

- Pervasive game (Sarah Kanouse)

12:45 to 2:00 - Lunch time. Project development (individual) – Participant prepare a 5 min. presentation of the outcomes of their project

Afternoon sessions (2:00 to 5:00) (Room H 1252)

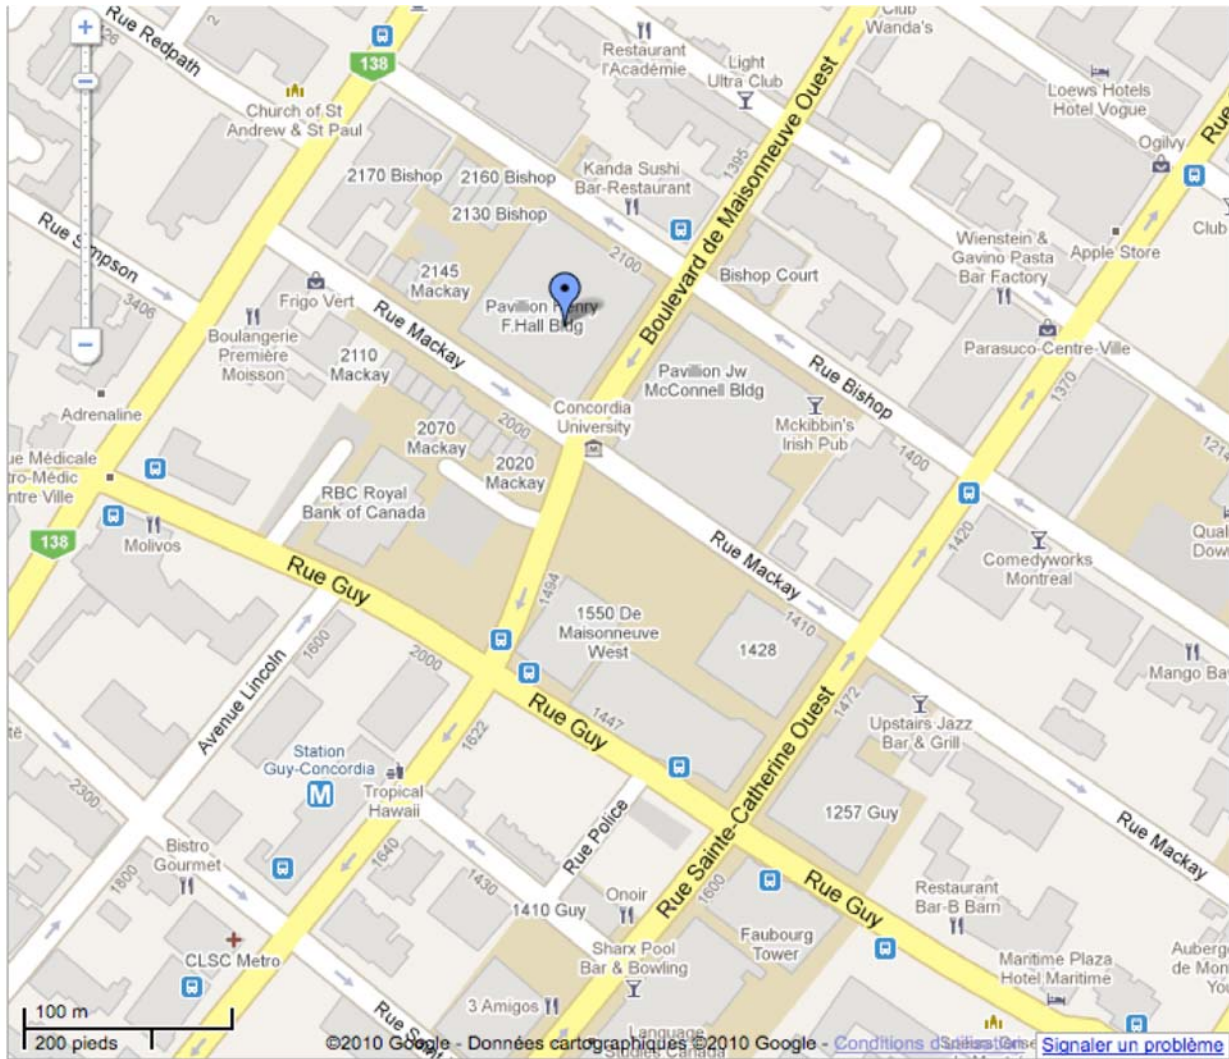

2:00 to 3:30

- Individual presentation of the results

4:00 to 5:00

- Debriefing session: Next steps

End of the workshop
